CLASSES

All the classes started the year with lots of fun. Students are settling into new routines and managing transitions throughout the day so well. We know the first few weeks can be tough, but we have the best students and families. Thanks for a great first month!

CLASS SPOTLIGHT

The SPIDER CLASS is a new class this year. We listened to families and educators in our community, and we are happy to provide a new option for children that need an extra year before going to Kindergarten.

The Spider Class started the year learning about their classmates and sharing about themselves and their families. They have now started their first study of Fairy Tales reading lots of versions of the 3 Little Pigs this week and exploring the story through STEM, retelling and art projects. Check them out below

IPS NEWS

There are lots of things happening in October. Here's the details:
This week we have our field trip to the Library. Ladybug, Butterfly and Bumblebee classes will go Monday morning. Grasshopper, Firefly, and Spider classes will go Monday afternoon. Caterpillar and Dragonfly classes will go Tuesday morning. If you would still like to volunteer, please arrive by 8:30am/12:30pm. We will return by 10:15am/2:15pm.

All the teachers are attending the Fall Learning Institute by IA AEYC on October 6th. There will be no classes or childcare this day.

School Pictures are October 12th for 2-day classes and October 13th for all other classes. Just as a heads up, our format for pictures is a little different than regular school pictures. You will receive 2 poses, and at least one will be a full body picture.

No school on October 16th and 17th. Childcare is available on those days. Please let us know if your child is attending.

Also, Fall Phone Calls will take place in the month of October. Look for more information on that from your child's teacher soon!
